

ATTEMPTS TO END SESSION FAIL

Members of the House
Decide to Hold a
Saturday Session

HAS ENACTED 264 BILLS

Nearly 275 Measures Will Be
Submitted to Governor
Dunne for Approval

DUNNE SIGNS WATERWAY BILL

SPRINGFIELD, Ill., June 19.—Attempts to bring the legislative session to a close tonight failed at 1:30 o'clock this morning, when members of the house decided to adjourn until nine o'clock this morning and hold a Saturday session. Failure of five conference committees to report on important bills caused the postponement of the end of the session. At 1:40 o'clock this morning the house adjourned until 9 a. m. thereby precluding any possibility of adjournment of the legislative session until nearly noon Saturday. Speaker Shanahan in adjourning the house, announced that all remaining work could be concluded in one session. The senate was still in session when the house adjourned. Learning that the house had adjourned, the senate adjourned at 1:55 a. m. until 10 a. m. Indications at mid-night were that the session would be prolonged and that adjournment would not be taken until 4 or 5 o'clock this morning. When the legislature quits work it will stand adjourned until June 30th, the date set for sine die adjournment. As a result of legislative session nearly 275 bills will be submitted to Governor Dunne for approval. At midnight the legislature had enacted 264 bills and was still grinding. The last legislative session passed only about 200 bills.

SPRINGFIELD, Ill., June 18.—Signing of Governor Dunne's waterway bill, considered the most important measure passed by this general assembly was the pick of the feature today of the closing hours of the legislature, which was ready to quit work and adjourn some time before daylight tomorrow.

Scores of Bills Ready to Sign.
Governor Dunne signed and made a law of the waterway bill shortly after two o'clock this afternoon in the presence of legislators and friends. Six pens were used in the signing of the measure were given to guests as souvenirs. Both houses worked at breakfast today in their effort to bring the session to a close by mid-night. Scores of bills went through and are ready to be signed. Many measures died a natural death in the house, which could not find time to act upon them.

Pass Big Appropriation Bills.
Practically all of the big appropriation measures had been held over for final action today. Among the big appropriation bills passed were those appropriating \$5,000,000 to the University of Illinois for the next two years and providing for a tax levy to cover the appropriations. The mother's pension bill, the Kate Adams bill were passed. The former amends the mother's pension act to include mothers deserted by their husbands for longer than two years and to include mothers whose children otherwise would be committed to a dependent institution. The Kate Adams bill derived its name from its author and provides for the imprisonment as well as a fine for immoral women, the object of imprisonment to be for the treatment of contagious diseases.

Increase Legislator's Salaries.
One of the closing acts of the legislature was the passage by the senate of the Moore bill, increasing the salaries of members of the legislature from \$2,000 to \$3,000 a term.

Next to the waterway bill, the submission of the tax amendment to the constitution was the most important action taken by this general assembly. The proposed constitutional amendment will be submitted at the next general election. It provides for the classification of property instead of the present uniform system. No wet or dry legislation was passed and a bill providing for the repeal of the woman's suffrage act never got to a roll call. No labor legislation of great importance was enacted. A bill giving Chicago home rule in the handling of its public utilities and bills providing for the merger of the surface and elevated lines in Chicago met with defeat.

Makes Large Appropriation.
Appropriations made by this legislature amounted to nearly \$44,000,000, about \$5,000,000 more than last session.

(Continued on page 4.)

STRONG BODIES OF FIRST LINE TROOPS FACE ITALIANS

Soldiers Have Been Hardened by
Over Ten Months of War and
Make Formidable Adversaries.

Udine, Italy, via Chiasso and Paris, June 18.—Reports from all the fronts state that strong bodies of first line troops, especially the emperor's own troops, Croats, Bohemians and Hungarians, have been substituted for the Austrian gendarmes, customs guards and soldiers of the landsturm. All these first line soldiers have been hardened by over ten months of war and make formidable adversaries. It is reported that Lieutenant General Count Cadorna, chief of staff of the Italian army, said regarding these troops: "Now we have foemen worthy of our steel."

The Italian Alpine troops themselves realize the difference and fight with greater circumspection, as was proved Wednesday afternoon when more than 1,000 Hungarians, commanded by a lieutenant colonel, again tried to take revenge for the Austrian reverse on Montenero, this time the Hungarians claimed Vrata mountain hoping from that height to dominate the Italian positions and outflank them.

Italian Alpine troops gradually surrounded Vrata, creeping through the undergrowth. For some time they did not reply to the Hungarian fire, it being a rule among the Alpine soldiers not to shoot unless they can kill at least one adversary. Finally the moment came when the Hungarians being within close range, the Alpine troops poured in a rain of bullets and then sprang out with fixed bayonets. The Hungarians were repulsed in confusion and tried to escape but found the Alpine soldiers emerging from every side. Every member of the Hungarian battalion was either killed or taken prisoner. Lieutenant General Count Cadorna summed up all this by saying that the Hungarians "were repulsed, counter-attacked and annihilated."

CAROTHERS SECURES RELEASE OF MARX AND FINKELSTEIN

WASHINGTON, June 18.—Villa authorities at Chihuahua today turned over to George B. Carothers, American consular agent, George Marx and S. Finkelstein, (also known as Franklin) Americans threatened with execution on the charge of circulating counterfeit currency. Carothers reported to the state department that he would send the men to the Texas border.

Liberty for Marx and Finkelstein was brought about through the intervention of Carothers on instructions from the state department. After forwarding protests to Villa and his secretary of state Carothers made a special trip to Chihuahua to personally press his representations. The report today did not mention the name of W. B. Cox, arrested at Torreon accused of circulating counterfeit money.

TRIAL OF JUDGE LINDSEY ENDS; CASE IS TAKEN UNDER ADVISEMENT

DENVER, June 8.—The trial of Judge Ben Lindsey of the Denver juvenile court on an amended charge of contempt of court in connection with a recent murder trial was closed today when Judge Perry in the district court took the case under advisement. The charge against Judge Lindsey was the result of refusal to reveal the confidence of Neal Wright, a 12 year old boy, regarding the shooting of the boy's father for which the boy's mother was tried and acquitted.

The boy appeared as witness for his mother.

Judge Lindsey claimed immunity as juvenile judge.

TWO MIDSHIPMEN ADMIT THEY WOULD USE STOLEN PAPERS

Admissions Come From Men Who
Have Not Been Implicated in
Charges.

Annapolis, Md., June 18.—Two naval academy midshipmen admitted today that under certain conditions they would use stolen examination papers for their own advantage. These admissions were all the more surprising because they came from men who have not been implicated in the charges which are being investigated by a court of inquiry.

Daniel S. Appleton, of the former third class, when questioned by Judge-advocate Watt, said he thought that half of his class might be parties to receiving and using stolen information.

"Would you do so?" asked the judge advocate.

"Yes," was the reply.

Ralph Wyman disagreed with his classmate as to half the class being willing to take advantage of stolen papers. He would not do so, he said, unless he were in the "wooden" or low mark section and needed help to make his passing mark.

YAKUIS TRANSFER ACTIVITY.

On Board U. S. S. Colorado, off San Bartolome, Lower California, by Radio to San Diego, Cal., June 17.—Activity of Yaqui Indians in Lower Sonora is reported today to have been transferred down the Yaqui Valley toward Guaymas. Raiding bands have attacked Mexicans within twelve miles of Guaymas, but no foreigners have been molested.

Apparent quiet has succeeded the Indian warfare further inland.

Villa troops who agreed to leave Lower California in possession of a neutral faction, disapproved of vessels provided for their transport and decided to stay.

DESPERATE FIGHTING CONTINUES IN FRANCE

EACH SIDE SWELLS ON THE LOSSES
OF THE OTHER

Austro-Germans Claim to Have Driven
Russians Further Across the
Frontier of Poland—British Find
Solace in Reports of Colossal Human
Sacrifices.

BULLETIN.
VIENNA, June 18.—Via London.—The Austro-German troops in pursuit of the retreating Russians have crossed the Galician border to the north of Sienawa and have reached the heights north of Krezow, Russia and occupied the Russian town of Tarnograd, according to an official communication issued by the war office tonight.

LONDON, June 18.—Although disagreeing as to results, both the German official statement on the one hand and the French and British combinations on the other, indicate that the fighting progressing in the Arras sector and at the northern and southern parts of the short British front is as desperate as any of the western theater of war has developed.

Area of Hostilities Tiny.

The area of hostilities is tiny as compared with the sweep of the Galician front where the Austro-Germans are still driving forward, but the last few days have brought much hand to hand fighting, the British and French striving to hold the trenches gained and the Germans, with a preponderance of machine guns, as promptly initiating a counter-attack.

Each side swells on the losses of the other and each emphasizes its gains, all of which have been costly although comparatively small as measured in distance. It is too early to say whether this means a serious Franco-British attempt to break through but it is patent that they are on the offense.

Push Nearer Lemberg.

In the east the Austro-German forces are not only nearer Lemberg, Galicia, but claim to have driven the Russians further across the frontier of Poland in the vicinity of Tarnograd as well as penetrating further into Bessarabia. The battle for Lemberg is now raging along the fortified Grodek line where it is predicted the Russians will give a final stubborn battle to save the capital.

Find Solace in Reports.

The British press, pending such time as the Russians stiffen their resistance, is finding solace in the reports of the colossal human sacrifices which the Austro-German drive through Galicia entailed. It is claimed that the Russians, even if forced to retreat, by clever management have drawn the Austro-German forces perilously far from their rail communications, meantime so seriously sapping their vitality with estimated losses of 10,000 men a day as to contribute materially to the outcome of the western campaign.

CARPENTERS WORKING ON CHICAGO SPEEDWAY GRANDSTAND WALK OUT

BULLETIN.
Chicago, June 18.—Quarrels among union workmen and state militiamen who undertook to stop the drinking of beer at the new automobile speedway today were patched up tonight and the 1,200 laborers who quit work will resume their tasks tomorrow.

Chicago, June 18.—Attempt by a state militiaman doing guard duty at the speedway to enforce the rules against drinking intoxicants on the grounds resulted this afternoon in a walkout of carpenters working on the grandstand. Four hundred carpenters and 1,200 laborers quit work at a strike that might delay the completion of the stands was said to be likely. The guard found several workmen drinking beer and because they would not give it up, as required by the speedway association rules, he tried to take a bottle away from one of them, according to stories told by friends. The man resisted and, his friends charge, was wounded by the soldier's bayonet. There was no disorder but the workmen held an open air meeting and decided to leave.

WORKERS ARE STILL SEVERAL FEET FROM ENTOMBED MINERS

JOPLIN, Mo., June 18.—Efforts to reach Daniel Hardendorf and Reed Taylor, two miners who have been entombed in the Longacre-Chapman mine here for more than a week continued tonight with the workmen still several feet from where the men are supposed to be. Efforts to communicate with them by rapping on the drift wall were unsuccessful late today and hope that they are alive virtually has been abandoned. It appeared tonight that it would be late tomorrow before they could be reached.

TORPEDO NORWEGIAN STEAMER

London, June 18.—A despatch to the Exchange Telegraph Co. from Copenhagen says: "The Norwegian steamer Svein Jarl, a vessel of 1,135 tons has been torpedoed. The Norwegian newspapers alleged that German spies were aboard the Svein Jarl and other steamers which have been torpedoed before they left port. The newspapers urge the government to take energetic action."

War News Summarized

Part of that great mass of Russians who in the winter campaign invaded Galicia and captured Przemyśl and later worked their way to the southwest and battled with the Austrians through the Carpathian passes until they had reached almost to the plains of Hungary, again are back on Russian soil, according to the latest Austrian official communication. They were victims of the relentless drive that has been in progress since the Germans joined their allies in the Galician campaign.

The town of Tarnograd, just inside the Russian territory to the north of Sienawa and the heights of Krezow to the northwest of Tarnograd are occupied by the troops of the Teutonic allies, while to the southeast, in that sector of Galicia lying between the lower San and the Vistula the Russian forces at several points have been compelled to retire.

Before Lemberg the Russians have been driven back on their last defenses, say despatches from the Austro-Hungarian press headquarters, and both this source of news and the Austrian official account assert that nearly everywhere in the Galician region the Russians are meeting with repulse.

On the western line, seemingly a breathing spell has followed the heavy combats of preceding days, except in Alsace, where the French declare they are continuing to advance in region of Metz and along both banks of the Ficht river. In this region Paris asserts that the French troops are holding under their fire the German line of communications between Metz and Munster.

Despatches from the Italian front indicate that the Austrians along all their fronts have thrown their crack regiments to take the place of customs guards and soldiers of the landsturm. On the Tyrol front, the Austrians in the vicinity of Mori and Rovereto have taken the offensive against the Italians and a battle in that region is in progress.

WILSON BIDS FORMER SECRETARY GOOD BYE

PRESIDENT CHATS WITH BRYAN AND
HIS WIFE TEN MINUTES

Visit is Described as Entirely Social
in Character—Bryan to Speak in
New York Today—Leaves Sunday
for Asheville.

Washington, June 18.—President Wilson called at the home of former Secretary Bryan late today to bid good bye to Mr. and Mrs. Bryan before they depart for a southern trip. He remained chatting for ten minutes with the former secretary and his wife.

Visit is Entirely Social.
The visit was described as entirely social in character and there were no references to the international situation. Soon after the president left the Bryan home, Secretary McAdoo, accompanied by his daughter, Miss Nora McAdoo, who has just returned from Europe, also called.

Bryan Deeds Report.
During the afternoon former secretary Bryan made public a statement denying reports that have been circulated since his resignation that he had been ignored by President Wilson while secretary of state. He said there were never any material differences on questions of policy between himself and the president until the foreign submarine controversy arose. "I am glad to make reparation," said Mr. Bryan, "and to say that the president has done me the honor to confer with me about everything done in connection with the state department. Not a single statement has been issued by the president or prepared by him about which I have not had the privilege of conferring with him beforehand and the opportunity to offer suggestions after it was prepared."

"I may add that we have never had any material difference on any question of policy until the submarine controversy arose and our notes—my note of resignation and his note to me accepting it—have clearly and distinctly set forth the only difference that we had on this matter."

Tomorrow Mr. Bryan goes to New York to deliver a peace address in Carnegie Hall. He will return here Sunday morning and in the evening will leave, with Mrs. Bryan for Asheville, N. C.

Mr. Bryan spent today in preparation for his first public speech since his resignation. He said tonight he expected to discuss subjects about which he could talk while serving in the cabinet.

PLAN RACE TRACK AND CASINO

San Francisco, June 18.—Plans for a race track and casino at Tia Juana, Lower California, to cost \$50,000 are being discussed here today by representatives allied with opposition Mexican factions, promoters and capitalists. It was said the track would open Thanksgiving Day and that necessary capital had been raised.

CONVENTIONISTS WILL "MAINTAIN DIGNITY"

CHAZARO SENDS NOTE TO UNITED
STATES GOVERNMENT

Declares if Wilson's Warning Should
Signify "Pressure or Threat" the
Conventionist Government "Will
Maintain the Dignity of the Mexican
People."

Washington, June 18.—The United States government was informed by a note from Francisco Lagas Chazaro, president of the Villa-Zapata convention government at Mexico City, that if President Wilson's recent statement warning the Mexican factions to compose their differences should signify "pressure or threat" the conventionist government "still harboring the conscience of its sacrifices, will maintain the dignity of the Mexican people."

The communication transmitted by the Brazilian minister at Mexico City, states, however, that the convention continues to "conjecture that the convention idea of the government of the United States is to help us in a friendly way to bring to an end our fratricidal struggle which would be for the greatest good of the country."

Willing to Make Peace.

After declaring a willingness to make peace with the Carranza faction, the note as made public tonight by the state department says in part: "The conventionist government does not see, does not wish to see, in the substance of the declarations made by His Excellency President Wilson, anything more than an advice, a friendly suggestion to induce the contending groups to wipe out their differences and lead them into path to the end pursued by the revolution. Coming to the declaration that if we Mexicans cannot settle our differences within a very short time the government of the American union will find itself constrained to decide as to what means it shall use to bring it about, the conventionist government cannot understand how President Wilson previously declares in the same note that the United States does not desire or claim any right to settle the affairs of Mexico and more to the same effect. The same chief of the American nation made at Indianapolis, the following categorical declarations:

"I am proud to belong to a powerful nation which says that the country Mexico, which we could crush, will enjoy the same liberty in the management of its affairs as we enjoy. If I am strong I should be ashamed to dictate to the weak in the measure of my strength. My pride consists in keeping my strength free and not in oppressing another people with it."

"If contrary to the interpretation which in the most friendly sense the conventionist government puts upon President Wilson's declaration, this closing part should signify a denial of the misconception. We continue, however, to conjecture that the intention of the government of the United States is to help us in a friendly way to bring to an end our fratricidal struggle which would be for the greatest good of the country."

WATERLOO ANNIVERSARY REMINDS PAPERS OF CHANGED SITUATION

PARIS, June 18.—Today, the anniversary of the battle of Waterloo, reminds the various French newspapers of the changed situation in Europe, that then a coalition of European powers was contending against Napoleon, while now the allies are fighting against the emperor of the central empire.

The Temps in concluding a leading article, says that justice and liberty have changed their camps and that it is in the ranks of the new alliance where their force is left, invisible, yet present.

"We no longer believe in victory," the newspaper says. "We feel it in ourselves. We see it radiant."

NO END OF THE RAIN IS IN SIGHT ACCORDING TO WEATHER BUREAU

Chicago, June 18.—There is no end of the rain in sight, according to the weather bureau. Tonight's synopsis said one heavy storm with general rain was centered over the northern lake region. Still another disturbance has developed in the west and tonight is centered over the middle Rocky Mountain region with general rains. The indications are that the western storm will follow the track of its predecessor eastward, reaching the lake region Saturday night or Sunday.

The temperature remained below the seasonal normal and no changes of consequence were expected.

CONFIRM REPORTS OF RECAPTURE OF SALTILLO

Washington, June 18.—Official confirmation was received at the state department today of the recapture of the Villa forces of Saltillo, reopening communication with Piedras Negras. Fighting continues daily about Monterey, according to a despatch from Consul General Hanna. Many wounded are being brought into that city. Reports of starvation of civilians in the vicinity of Monterey also reached the state department and were transmitted to the American red cross.

FARMERS ARE ORGANIZING TO FIGHT THE HESSIAN FLY

Efforts are Being Made to Induce
Farmers to Cut Grain Early so as
to Reduce "Volunteer" Wheat.

Chicago, June 18.—D. K. McMillan, assistant state entomologist for Northern Illinois said today that farmers were organizing to fight on a community basis the Hessian fly in many counties of the central wheat belt, where the pest has caused great damage.

"The organizing," Dr. McMillan said, "is being done by co-operation with county agents and the crop improvement committee of the grain exchanges. Dr. S. A. Forbes, state entomologist strongly urges community effort for this pest, as well as for the chinch bug, because otherwise comparatively poor results will be obtained."

"Efforts are being made to induce the farmers to cut grain early so as to reduce the so-called 'volunteer' wheat. Other measures include plowing and dragging of infested stubble before the first of August, the destruction of volunteer wheat late planting after flies have finished laying eggs."

**LAUNCH MOVEMENT TO AMELIORATE
THE CONDITION OF THE JEWS**

NEW YORK, June 18.—What is intended as a nationwide movement for the amelioration of the conditions of the Jews all over the world, particularly those in the belligerent European nations was inaugurated today with the formal organization here of the international Jewish emancipation committee. Champ Clark, speaker of the house of representatives, was elected its president. The movement was started by prominent Jews in the city and the influence and aid of representative men in educational and political circles was solicited.

YOUTH SHOOT AND KILLS FATHER; STEPMOTHER AND A POLICEMAN

Murderer is Killed by Other Officers
—Act is Attributed to Drink and
a Quarrel With His Father.

Jamestown, N. Y., June 18.—Fred Shaver of this city, late today shot and killed his father, his stepmother and a policeman and was himself killed by other officers. The weapons used were rifles and Shaver's act is attributed to drink and a quarrel with his father. The latter, Hudson Shaver, 67 years old and well to do, was married June 7th, to Ruth Campbell, 37.

This afternoon, the son went to his father's apartments, where after a dispute, the old man fled to the hall. There he fell dead from a rifle ball. The sound of the shot attracted Officer Kendall, who ran up the stairway.

Young Shaver shot the policeman in the chest and hip and these wounds proved fatal an hour later. The murdered then barricaded himself in the apartment and the slaying of his stepmother probably occurred soon after that.

TWO DIE WHEN AEROPLANE FALLS THIRD ESCAPES SERIOUS INJURY

QUINCY, Mass., June 18.—In an aeroplane accident here tonight George Hersey, Jr. of this city, a mechanic, was killed instantly and William D. Ely of Providence, R. I. who was receiving instruction from Harry M. Jorais, the operator of the machine, sustained injuries from which he died on the way to the hospital. Jones probably escaped serious injury by falling on the bodies of the others.

The machine, a biplane, had ascended from the Equantum aviation field to a height of 100 feet when it fell. Observers expressed the belief that one of the passengers interfered with Jones' operation of the levers.

WEATHER FORECAST AND TEMPERATURES.

ILLINOIS: Partly cloudy Saturday; showers at night or on Sunday; not much change in temperature.

TEMPERATURES.
The current, maximum and minimum temperatures recorded Friday were:

Jacksonville	69	80	62
Boston	62	74	60
Buffalo	84	90	54
New York	66	80	66
New Orleans	88	92	76

Helena	54	68	44
San Francisco	60	60	50
Winnipeg	56	58	44

HOUSE IS BLOWN OVER IN TAKING REFUGE IN CAVE

At Grotto, Okla., J. R. Johnson and Volney Kraft, farmers, led their families into caves at the approach of a small tornado and saved their lives, the homes of both families being demolished. The stone house of Melvin Pinkin was blown over while Pinkin and his wife were within. Both escaped with bruises. Mrs. Clyde Carraway was carried from her home into a wheat field a mile away and escaped with slight injuries. B. E. Bowen, a farmer, suffered a fractured skull when a dwelling was blown in upon him.

Sixty five cars were blown from the Frisco tracks in the yards at Fort Scott, Kans. One was a work train in which track laborers were living. Three were injured.

House Is Blown Over In TAKING REFUGE IN CAVE

The home of J. T. Wood was blown over intact, carrying the occupants with it. No one was hurt. Several farm houses and many small buildings north of Fort Scott were blown away. Local weather observer Connor said tonight flood conditions in the Blue, Republican and Solomon river valleys in Kansas were serious, although he was hopeful the streams would be able to carry away the tremendous volume of water from the rains. The situation is most dangerous at Clay Center, where the Republican is hurling a great mass of water against the dikes that pro-

SEVENTEEN DIE IN TERRIFIC STORM

Property Damage Is Estimated at Quarter of a
Million Dollars

LOWLANDS ARE FLOODED

Heavy Fall of Rain, Ranging
from 2 to 6 Inches, Turns
Creeks Into Turbulent Streams

ISSUES FLOOD WARNINGS

KANSAS CITY, Mo., June 18.—Reports from storm swept sections of the southwest continued to reach here tonight, bringing news of additional deaths and further property damage. Up to midnight the total of nineteen persons were known to be dead as a result of terrific wind, hail and electrical storms which last night and early today centered in Missouri and Kansas. Streams in many sections of both states tonight continued to rise rapidly. The Kansas river at Topeka at midnight was one foot below the high market of the season reached a week ago. An additional rise of three or four feet is predicted.

The highest water in the Missouri river so far this year is predicted for Sunday by the local weather bureau. It was stated that the river would reach a maximum stage of between twenty six and seven feet. Flood stages are expected for the Kansas river at Kansas City.

KANSAS CITY, Mo., June 18.—Fifteen lives were lost, a score of persons were injured and property damage estimated at a quarter of a million dollars was done by a terrific wind, hail and electrical storm which centered in Missouri and Kansas last night and early today. The heavy fall of rain—ranging from 2 to 5 inches—turned many small creeks in the affected district into turbulent streams which extended their waters over low lands and sent the rivers to which they are tributary on rapid upward spurts. Tonight all points in the Kansas river valley and along the Missouri river from Kansas City to Jefferson City are in possession of government warnings of impending floods.

List of Deaths.

A list of deaths from the storm follows:
Richmond, Mo.—Mrs. Arthur Covey and small child, killed when their home was demolished by a tornado; Mrs. Mary Bell, 60 years old, struck by lightning.
Westmoreland, Kan.—Charles Morris, his son and John Guthrie, drowned when gasoline motor car was swept into a creek by a sudden rush of water.
Ozark, Kan.—Five members of the family of John Burgess, farmer, killed when a tornado demolished the Burgess home.
Nevada, Mo.—Mrs. Gertrude Knau, 80 years old, lost life when house was demolished by a tornado.
Latour, Mo.—Mrs. Alma Allman, killed when wind swept her home away.

Montrose, Mo.—Unidentified infant killed in windstorm.
Wagoner, Kan.—George Nichols, farmer, struck by lightning.
Many stories of narrow escapes came in as telegraphic communication became better in the area affected.
Waterville, Kan.—Frank Reboull, drowned early today when a railroad bridge went down taking eight section men with it. All escaped except Reboull.
Downs, Kan.—Louis Vanderpool, a former, drowned while crossing the Solomon river.

Take Refuge In Cave.

At Grotto, Okla., J. R. Johnson and Volney Kraft, farmers, led their families into caves at the approach of a small tornado and saved their lives, the homes of both families being demolished. The stone house of Melvin Pinkin was blown over while Pinkin and his wife were within. Both escaped with bruises. Mrs. Clyde Carraway was carried from her home into a wheat field a mile away and escaped with slight injuries. B. E. Bowen, a farmer, suffered a fractured skull when a dwelling was blown in upon him.

Sixty five cars were blown from the Frisco tracks in the yards at Fort Scott, Kans. One was a work train in which track laborers were living. Three were injured.

House Is Blown Over In TAKING REFUGE IN CAVE

The home of J. T. Wood was blown over intact, carrying the occupants with it. No one was hurt. Several farm houses and many small buildings north of Fort Scott were blown away. HOME MISSIONARY SOCIETY MEETING
Mrs. F. A. McCarty was hostess to the Home Missionary society of Centenary church Friday afternoon. A fine program was given which was enjoyed by the members.
The devotions were in charge of Miss Mercy Jackson and Mrs. Chas. Glossup had the last chapter in the society study book, her subject being "In Red Man's Land". A leaflet was read by Mrs. Naomi Whorton. Mrs. Glossup also read a paper on Home Mission Enigmas. After the program had been carried out and the regular business transacted the hostess served delicious refreshments.
The next meeting of the society will be held with Mrs. G. W. Flagg at Centenary parsonage.
Men's Everwear Guaranteed
Hosiery that have been proven the best on the market are shown by FRANK BYRNS.
CHILDREN'S DAY
AT PISGAH CHURCH
Children's Day exercises will be held at the Pisgah Presbyterian church Sunday afternoon at three o'clock. There will be recitations, songs, music and a flag drill also an address by the pastor, Rev. W. J. Eaney. On account of the exercises there will be no preaching in the morning and evening.

War and Insurance.
And talking about the great war, one of the very few matters which does not seem to have been discussed in any detail at least, is the effect of the war upon life insurance companies. Some of the old line American companies in recent years have written a good deal of business in European countries, and unless the policies have clauses which provide for the forfeiture of the policy in case of war service, certainly there will be some very heavy losses. American fire insurance companies also are said to have some risks in countries now devastated by war and fire losses there have been enormous. Thus far if figures computing life and fire losses from an insurance standpoint have been made they have not been given any great degree of publicity.

Watching for Traffic Law Violators.
There have been no arrests for violation of the traffic ordinance provisions since Wednesday night, although the police department has been keeping a sharp lookout for offenders. Last night and on Thursday night Commissioner Martin and Chief of Police Davis were on the streets in a car watching for violators but no arrests were made. Evidently it is the intention of the department to see to it that the provisions of this ordinance are complied with and there will be little trouble about the matter now that the public thoroughly understands that the ordinance is not merely on the books but is to be enforced. No provision is made in the ordinance for burning lights on automobiles not in motion, but the rule which the police department will apply will require a car which has stopped in a residence district after dark to have the tail light and one front light burning. In the fire limits or business district where there are more electric lights and a car not in motion can easily be discerned, this provision will not be enforced.

Peoria May Reform.
Not so startling as Sheriff Wheeler's announcement in Springfield that he will not receive the \$7,000 or \$8,000 a year which has been in the past considered the "legitimate graft" of his office, but surprising nevertheless is the agitation now going on among the liberal element in Peoria for more rigid control of the liquor business. The Peoria Transcript is urging that an ordinance be passed limiting the number of saloons and increasing the license fee. The annual license there is \$500, and the Transcript declares that this is too low, and that a higher license and fewer saloons would be likely to do much toward improving the reputation Peoria has long had of being a very, very wide open town.
The Transcript points out, too, that the present is the time to accomplish these things while there is no very special agitation of saloon or liquor questions, and intimates further that the present is opportune before there is a recurrence of some of the violence which has in times past characterized some of the lower class saloons of the distillery city.

Sheriff Wheeler Takes High Ground
Sheriff Wheeler, who some weeks ago caused something of a sensation in Springfield by announcing that he would enforce the state law against open saloons on Sunday, has just made an announcement that is even more of a surprise to the people of the state capital and Sangamon county. The sheriff appeared before the county board of supervisors and told them that he did not wish to accept the profits from feeding prisoners in the county jail.
Sheriff Wheeler has been in office about six months and during that time the profits accruing under the system of serving meals to prisoners which has been effect from time immemorial, amounted to \$3,816.70. Based on the figures for a number of years, the earnings of the office which the sheriff has thus renounced will amount during his term to \$30,000. Sheriff Wheeler explained his position by the statement that he believed the system wrong and that while the feeding profits had always been considered "legitimate graft," he did not feel that a sheriff had any moral or proper right to receive this money. He said further that he had not gotten himself into such a place in the social scale where he was willing to make a lot of money by underfeeding a body of prisoners for the profit that might thus accrue.
Naturally Sheriff Wheeler has received a great deal of commendation for the stand that he has taken, and as Commissioner Spaulding of Springfield, said in an open letter to the sheriff, the position he has taken does much more than save a large sum of money for the county treasury in that it sets a new ideal for public service and calls attention in a most forceful way to an evil which has long been neglected. The public has been aware for a long time that the system of allowing a sheriff fees as a commission upon the meals served prisoners has been wrong, yet no one has taken any positive step to right this wrong until Sheriff Wheeler made his unexpected announcement. There is not only something distasteful about the idea of an official getting fees based on the meals served prisoners, but there is also a temptation for a sheriff to so handle some cases that prisoners will be a long time in jail.
It has sometimes happened that a sheriff, working in conjunction with a state's attorney, will bring it to pass that a prisoner is kept in jail who might be released on bond, or is kept over from one term of court to another when the trial could have been hurried through. In other instances it is said that sheriffs have been instrumental in having offenders given jail sentences instead of indeterminate penitentiary terms. There are in fact a great many possibilities to the system and Sheriff Wheeler deserves not only admiration but commendation for the stand that he has taken.

No White Horses Wanted.
Although no very appreciable rise has been noticed in the price of horses in this vicinity because of the European demand, nevertheless a vast number of horses have been shipped out from Illinois for use in the great war. A good many car loads have gone from this market, made up of horses purchased in Morgan, Scott and Pike counties, but no buyer other than local men has been here for several months. In Bloomington the other day a veterinary in the employ of the English government came down from Chicago to inspect sixty horses which were ready for shipment. They were subsequently sent to Chicago and will go from there to Newport News and then be shipped to France for the use of the English artillery.
The specifications for horses wanted in Europe have been changed a little since the beginning of the war and the requirements are not quite so strict. However, while some variations are allowed in the size of horses wanted, all animals are given very strict inspection as to the wind and age. Other specifications require that the horse must not be less than fifteen hands nor more than sixteen hands high, with a weight range of from 1250 to 1500 pounds. Dark greys are accepted, but white horses or those light gray cannot be accepted under any consideration. The animals of light color are barred because they furnish so much better marks for aeroplanes or for the army which may be opposing.

General Haig's Birthday.
General Sir Douglas Haig, in command of one of England's armies in France, and called in England the hero of the Aisne, is 54 years old today. Like Smith-Dorrien and Pultney, he is still in the prime of life, and young generals are important to modern armies. General Haig was in command of the first English troops that were rushed across the channel to aid the Belgians. Later his command was united with those of Sir John French. Haig led the drive on the Aisne river and his successes in this and other battles have been frequently reported. Sir Douglas was born at Clifton, England, June 19, 1861. He is an Oxford man, and nearly lost his chance in the army by being rejected in the medical examination on account of color blindness. He showed his determination by following up the officials till they decided his defect was not serious, and he was 24 when he joined the Hussars. He served in Sudan and in South Africa with distinction. He was then sent to India to train the cavalry and infantry, and was chief of staff in India for two years. Sir Douglas was known in military circles at the beginning of the European war as the "luckiest man in the service," for he had in eight years risen in rank from captain to Major General. He was an ardent lover as he is an ardent fighter, for after meeting Lady Dorothy Maud, daughter of Baron Vivian at the Ascot races, on a Monday, he laid siege to the lady's heart and by Saturday was engaged. They were wedded within two weeks, and now have two little daughters to whom they are intensely devoted. General Haig was knighted in 1909.

The Sins of the Fathers.
"A predestination to crime," will be the unusual device to be made for a young murderer who is to be placed on trial the coming week at Lima, Ohio. Dorrance Riddle, the murderer, is 25 years of age and the girl he brutally killed was seventeen. The young man subsequent to his arrest confessed to the crime and gave all of its sickening details. The father has been busy for weeks in consultation with attorneys in several cities building up a defense for his son and the defense will be that insanity ran in the prisoner's ancestry.
It seems to be another case where a parent in the effort to save his child is seeking to unearth everything unsavory and undesirable in his own family history or that of his wife. "The sins of the Fathers are visited upon the children even to the third and fourth generations," and it may be possible that Riddle's attorneys will prove to the satisfaction of the jury that when he committed the crime charged that he was not responsible because of his inheritance of bad blood and bad brain. This matter of inheritance is not a pleasant thing to dwell upon if one considers vices rather than virtues. Yet some consideration of the subject is worth while and it parents of today would give some thought to the fact that the characters, the physical and moral well being, of generations yet unborn are being influenced by their present conduct—well, the conduct might be different.

The Importance of Truth.
The Associated Advertisers' clubs of the world will assemble in Chicago Monday for a convention to last several days. The advance guard in fact will reach Chicago today and tomorrow members of the clubs will appear in a number of church pulpits. At first blush this seems a strange idea, for advertising men to speak from pulpits but when it is understood that the primary object of the central organization is to emphasize the value of "truth," the thought disappears. The word love embraces a score of good qualities, affection for home and friends, patriotism, good citizenship, and so "truth" takes in almost an equal number of these characteristics which combine to make a manly man. Then why shouldn't laymen with appropriateness speak from the rostrum of the church?
According to William Woodhead of San Francisco, president of the association, the work of the convention will center on eliminating the faker, the shyster and the crook from advertising. "We want the public to know that the Associated Clubs is an organization which stands for greater efficiency. That, in its last analysis, means simply—the truth."
"This sentiment is country-wide among advertising men and the fight has been started and will be continued against fakers. Business men are generally beginning to see that advertising is more than mere preachment. It stands for a great business principle, and the only way to make it effective is to make it believable, and that means sticking to the truth."

MR. HULL TALKS ABOUT BUSINESS
W. E. Hull, prominent Peoria business man and politician has just returned from an extended trip and has the following to say about business conditions:
Mr. Hull states that he feels that the situation throughout the south and on the coast is clearing up a great deal and that trade was generally feeling as though the fall would bring a revival of business.
"In the south," he said, "I found that, regardless of party affiliations, all the business men were hoping for the return of the Republican administration. Many of them told me that it was possible to have all the votes cast and counted in accordance with the wishes of those interested in the prosperity of the country there would be no question of what the southern states would do. I found many like expressions in California, and while they voted Hiram Johnson back into office on the Progressive ticket, these same Progressives desire a Republican national administration and are looking forward to a change."
"I found business in New Orleans thriving and was much pleased at the conditions in Texas. I believe from what I could learn that the Texas farmers are going to raise good crops of corn, wheat and oats this year and not so much cotton."

ODD ITEMS FROM EVERYWHERE
The government owns 95 percent of the timber in the Philippines.
Camels are ready for work at the age of five and begin to decline at twenty-five, though they live to the ages of 35 and 40 years.
Back in 1855 it took 274 minutes of labor to care for and raise a bushel of corn. In 1894 this had been reduced to 4 minutes and it is slightly lower now.
The high price of meats in England has brought into use the humble bean, which was before to war little used in old England.
There is more whiskey now stored in Kentucky than there was in the whole country a decade ago.
It is proposed by the railroads to charge for folders. The railroads spend millions for these folders each year, and are devising a plan to economize on this item.
It is figured out that there is one death every fifty seconds from some preventable cause.
The omnibuses of London carry the entire population of the city 160 times in the course of a year.
When the first straw hat appeared in 784, it was ridiculed, but after dodging them for a long time, they were finally adopted.
The town of Turlow Ky., is one mile long and about 39 feet wide.
The bayonets used at Waterloo a hundred years ago were about a foot longer than the modern weapon.
Field marshals never retire, but remain on the active army lists drawing full pay until they die.
A soap-building yard in Japan still in operation was established 1999 years ago.
An invalid girl, starting from Kansas City in February, reached Los Angeles on foot last week. She tramped 1,611 miles and regained her health.
Most of the Korean mines which it is said are the object of the Japanese treaty arrangements with China are in the hands of Americans.
The drinking water for the British soldiers in France and Belgium is carried across the English channel from Dover, England.
The most troublesome weed in Persia grows a seed pod with horns. These enter the nostrils of grazing animals and frequently kill them by preventing them from eating or drinking.
Of all the troops fighting in Europe, Canada's are the best paid. A private gets \$1.10 a day, a lieutenant, \$2.50, a captain, \$3.75, a colonel, \$7.50, and a brigade commander \$12.00. In addition, separate allowances are paid to dependents.

PUREST MILK, 2 1/2 C
A QUART
The first time you try this new way of using milk you will wonder why you ever stood for the ordinary, have-to-use-it-the-same-day, quick-souring, seven-eighths-water, expensive, liquid milk. Two tablespoons of "Favorite" Powdered Skimmed Milk in a pint of water gives you instantly a full pint of the purest milk you can buy.
"FAVORITE" Powdered Milk
Nature has made liquid milk about seven-eighths water. We give you the rest in powder-form, without the water, scientifically sterilized and purified. All you do is to add the water and then you have, not a different milk, but real milk, the same milk you have always bought—minus the impurities. You use "Favorite" Powdered Milk for any purpose for which milk is used. It never sours, is always ready when you are always pure. It is not condensed milk, which is so often objectionable, but real, de-aerated milk. Try it today for the pudding, the custard, or for making candies, for baking and browning. Make up a glass of milk with it, and drink it—you'll have over it. It is also the cheapest milk in the world today—10 cents of real milk for 25c.

Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

.. ZELL'S GROCERY ..

"Ic Cleaned My Big Wash Without Hard Rubbing!"

Your slavery on wash-days is over forever! Here's the new slave that works for you as no slave ever worked before. It is the wonderful new washing fluid that eats up your clothes—there is no hard rubbing, this means that it saves your hands, no more will they be red, swollen, coarse looking, no more wash-board drudgery and back-misery. "Favorite" Wash-Day Delight saves over half your soap-expense; saves your clothes from wear by rubbing. They'll be as white as snow. It will cost you only 1 cent to prove all this is true. Use "Favorite" Wash-Day Delight also for kitchen cleaning and house cleaning. For the bath it is a cleansing luxury and a superb softener of water. Make wash-day and every day a delight.

"Favorite" Wash-Day Delight

First, you must know that it is a remarkable exception to the rule—for it contains no acids, alkalis or caustics to injure and eat up your clothes, or the most delicate fabrics. It is an utter impossibility. Dirt just falls out of your clothes—there is no hard rubbing, this means that it saves your hands, no more will they be red, swollen, coarse looking, no more wash-board drudgery and back-misery. "Favorite" Wash-Day Delight saves over half your soap-expense; saves your clothes from wear by rubbing. They'll be as white as snow. It will cost you only 1 cent to prove all this is true. Use "Favorite" Wash-Day Delight also for kitchen cleaning and house cleaning. For the bath it is a cleansing luxury and a superb softener of water. Make wash-day and every day a delight.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, June 23, 1915. One day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. This is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dim, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Flatula? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up-to-date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT. Come early as parlors are always crowded. A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D.,
766 Oakwood Blvd., Chicago, Ill.

ATTEMPTS TO END SESSION FAIL

(Continued from page one.)

A total of 1,548 bills were introduced, 894 in the house and 554 in the senate.

Bills passed by the house were: Allowing seven years for the redemption of property sold for taxes. Establishing a free state employment exchange to take the place of the present free employment bureaus.

Establish Economy Commission. The senate joint resolution establishing an efficiency and economy commission of eight members to consist of four senators and four representatives was adopted by the house. The commission will make a report to the next general assembly. Following are some of the bills passed by the senate:

Fixing a fine for fraudulent advertising.

Providing for the abandonment of the commission form of government upon a majority vote of the residents of a municipality.

Providing for the publication of delinquent tax lists in newspapers published in the country.

Requiring railroads to carry first aid to the injured supplies on all trains and engines.

Requiring that school elections be held under the Australian ballot system.

Increasing the number of batteries of field artillery in the Illinois national guard from three to six.

Enabling board of review to go back any number of years and place a tax on property which may have been omitted.

Permitting the employment of convicts in working on highways.

Making void any marriage in violation of the Illinois divorce laws.

Prohibiting the shipment into the state of cattle more than nine years old, except to stock yards, unless accompanied by a tuberculin certificate.

Providing for state distribution, at cost, of hog cholera serum.

Present O'Hara with Watch.

The amenities that usually accompany the closing of a legislative session began in the senate shortly before midnight when Senator Pierce arose to a question of personal privilege and after giving an eloquent tribute to the ability of Lieutenant Governor Barratt O'Hara, the presiding officer, presented O'Hara with a watch. The lieutenant governor expressed his gratitude.

Senator Bailey of Peoria then presented Senator Stephen D. Canaday, the president pro tem, with a like token of good fellowship. Senator Canaday responded, ending the speech making.

By a vote of 28 to 2, the senate tonight passed the one day's rest in seven bill. The measure applies only to persons working an average of more than eight hours a day, and exempts certain occupations.

The house adopted a conference committee report receding from its amendment to the mileage advertising exchange bill providing that legislators could receive free railroad transportation. As the bill will go to the governor it will provide only for the exchange of newspaper advertising for railroad mileage. The vote on the adoption of the report was 103 to 7.

Extends Olive Branch to Browne. In his farewell address to the house, speaker Shanahan extended the olive branch of peace to Representative Lee O'Neill Browne, but Browne failed to accept.

The speaker said he regretted that during the session he and Browne had differences which had resulted in a rupture of their friendship of fourteen years standing.

Browne replied to the speaker's remarks by saying that he had assisted Mr. Shanahan in his campaign for election and had led the Democratic members across the aisle to elect Shanahan as speaker.

"Whether or not the speaker has given me and mine a square deal, I leave it to you members," concluded Browne.

DOTY HEADS CIVIL SERVICE COMMISSIONERS

Los Angeles, June 18.—P. E. Doty of Los Angeles, Calif., was elected president of the National assembly of Civil Service Commissioners here today. Other officers elected were: Dr. Henry Muskowitz, New York City; J. C. Mulholland, of Minneapolis and M. E. Campbell, Pueblo, Colo., vice presidents and John T. Doyle, secretary-treasurer.

LIEUT. MERRILL TO PLAY WITH ARMY NINE

Chicago, June 18.—Lieutenant Merrill, captain of the West Point nine this year has joined the United States army team stationed in Chicago and will play center field tomorrow in the soldiers' game against the University of Chicago team. The army squad has had a successful season so far against semi-professional and amateur teams in Chicago and expects added strength with Merrill at a .400 hitter in college, taking part.

BEGIN PROBE OF ACCIDENT

Paris, June 18.—The British royal navy flying corps today began an investigation of the aeroplane accident yesterday which resulted in the death of Lieut. R. A. J. Warnford, the aviator who recently destroyed a Zeppelin airship, and Henry Beach Needham, an American writer.

The funerals will be held Sunday under the military tent in the hospital garden which serves as a chapel.

BIDS ARE OPENED

Bids have been opened for the construction of the new home of Dr. and Mrs. Charles I. Glenn at Franklin and are as follows: Joshua Vasconcelos & Sons, \$3,042; John Wolke, \$3,053; S. P. Carter, \$3,765; Charles Seymour, \$2,650. The contract has not yet been awarded.

GREAT RUSH TO CHICAGO IN PREPARATION FOR BIG RACE

Belief Well Established That Many Track Records Will Be Smashed in 500 Mile Auto Contest.

Chicago, June 18.—Automobile engineering experts, mechanics and inventors are being rushed to the new Speedway Park track to aid in making over the engines of the big racing cars to meet the extraordinary conditions created by the perfection of the big wooden track. Every driver entered in the race now realizes that more records will probably be smashed in the big 500 mile race June 26th than in any other single contest ever held in this country. Because the perfection of the track as a speed course permits a driver to make the circuit without once shutting off power, every effort is now being centered upon securing adjustment which will give high speed.

From now until next Tuesday when the final elimination trials are to be held, the great course will be turned into an experiment station for the perfection of racing automobiles. Drivers rushing over the two mile course at the rate of 100 miles an hour now excite no comment from the experts who tune up the big racing cars. On the contrary, little time is spent in applause, all efforts being bent toward securing more and more power.

The Sunbeam team has received their special fast racing gears from England. The new parts are the same used on the Brooklands course in England, known the world over as the fastest course used up to the building of the big Chicago track. The new gears were left at home when the team sailed for America two months ago as it was thought no American track was fast enough to permit their use.

Porporato, one of the Sunbeam driver, said, "Yes, Resta has done well to establish the mark of 110 miles an hour on this track. With our new adjustments, however, we are confident that the Sunbeams will do as well if not better. This is the greatest track I have ever seen."

To date fourteen of the drivers have qualified for the race. The other entrants, knowing the intense efforts to be made by every driver to get his car into the race are holding back and working over their cars that everything may be ready for the final tests on Tuesday.

When Barney Oldfield found he could drive his 300 horsepower front-drive Christie at top speed over every inch of the course, with shuttling off speed for the turns, he climbed into a pair of overalls, and forgetting brakes and stopping appliances, began to overhaul his engine. When "Smiling Ralph" Mulford began to josh Oldfield over the latter's entrance into the workman's brigade, the old master driver yelled, "This race is going to be won by the fastest car, not by the driver who can skid his car around corners. This course is a straightaway, Ralph and don't you forget it."

Oldfield also has at the track his 100 horsepower Cyclone Flat. His Bugatti is being worked over at the factory and there is every hope that it will be ready for June 26. On Sunday Oldfield will give a special exhibition of his cars and, timed by the new electric trap device, a mechanical timer will go out against the short sprint records.

Other feature events of the day will be a two mile race between Oldfield and De Lloyd Anderson, the aviator, whose big biplane, it is claimed, will have hard work defeating the Christie racer. In preparation for the big race, the pit men are daily put through the drills of quick changes on tires, filling of oil and gas tanks and repair work.

The wise man buys summer suits and furnishing goods of Knoses.

STATES RUSS TAKE COUNTER OFFENSIVE

London, June 19.—A despatch to the Times from Bucharest says: "Reports from the frontier state that the Russians have taken a counter-offensive against the Austrians who invaded Bessarabia under General Pflanzer. The Austrians have been forced to retire hastily as far as Bojana to the east of Czernowitz and are evacuating Novoselica, in Russia and the Pruthi and the rest of the occupied territory. The Russians have captured a great quantity of war material."

TRAVERS WINS NATIONAL OPEN GOLF CHAMPIONSHIP

Short Hills, June 18.—For the second time in the history of the United States Golf association, the national open championship was won by an amateur today. After a long and arduous test of 72 holes medal play which began yesterday and ended late today, Jerome D. Travers of Upper Montclair, N. J. won the title with a splendid score of 297 strokes.

TO HOLD PEACE MONDAY

The ministerial picnic which was scheduled for Friday afternoon has been postponed until Monday afternoon at Nichols park. Several features of interest are being planned for the occasion.

BIRTH RECORD

Born Friday morning to Mr. and Mrs. Elmer Goveia at the home of Mrs. Goveia's mother, Mrs. Hennessy, 519 Myrtle street, a daughter.

FOR WIFE ABANDONMENT

Sheriff Grant Graft returned Friday night from Chicago, bringing with him Orval Poffenbarger who is wanted on the charge of wife abandonment. Poffenbarger left the city and Chief of Police Davis located and had him arrested.

SEVENTEEN DIE IN TERRIFIC STORM

(Continued From Page One.)

fect the lower section of the city. Hundreds of men are at work building sand bag fortifications. It is feared if the stream sweeps over the dikes it will cut a new channel and do great damage to property in the vicinity.

Will Reach Flood Stage

St. Louis, June 18.—Announcement was made by the local weather bureau today that the Mississippi river at its junction with the Missouri would reach flood stage Sunday, and that the Mississippi at St. Louis would reach flood stage a little later. The river at St. Louis is now two feet below flood stage.

VIOLENT ARTILLERY DUEL TAKES PLACE IN SECTOR NORTH OF ARRAS

PARIS, June 18.—The following official communication was issued this evening:

"In the sector to the north of Arras, a violent artillery duel has taken place today. The front present remains unchanged. In Alsace we have fortified the positions which we took yesterday and continue to make progress here. Our advanced parties at the end of the day had reached the outskirts of Metzeral. We have advanced along both banks of the Fecht. We hold under fire the enemy's communications between Metzeral and Munster. Further prisoners, machine guns and a very large quantity of war materials, notably rifles and cartridges, have been taken by us.

"There is nothing to report concerning the situation on the remainder of the front."

ADMIRAL TAKES UP ARGUMENT

Berlin, June 18.—Via London, June 19.—The German-American situation continues to occupy the attention of the press and the public. Rear-Admiral Kalau Von Hofe, retired, in a newspaper article today takes up the point made by Eugen Zimmerman, general director of the Lokal Anzeiger, that the United States made a motion at The Hague conference to prohibit shipments of munitions by neutrals to belligerents but that this was rejected under Germany's lead.

The admiral alleges that Germany was not responsible for the failure of the motion, but merely voted against it along with England and France.

IN HONOR OF BIRTHDAY

The sixth birthday of Abe Wehl, son of Mr. and Mrs. A. Wehl of Webster avenue, was celebrated Friday afternoon. A number of little friends spent a most happy time on the lawn playing various amusing games and during the hours refreshments delightful to the children's hearts were served.

DINED AT PEACOCK INN

The nurses of Passavant hospital enjoyed a banquet last night at the Peacock Inn. Several toasts were given and the remainder of the evening was spent in dancing and in a social way.

CARRANZA AUTHORITIES CONFISCATE BULLION

San Antonio, June 18.—Ten million dollars worth of gold and silver bullion of the Santa Gertrudis mining company, an English corporation has been confiscated by Carranza authorities at the mines, 30 miles north of Mexico City according to a despatch received here tonight from Pachuca. The only explanation given by military authorities it was said was that the bullion was needed to be converted into money for military purposes for the pacification of Mexico by the constitutional government.

RUSS EXPROPRIATE AMMUNITION FACTORIES

Berlin, June 18.—via London, June 18.—The National Zeitung correspondent "on the Russian border," who repeatedly has shown himself to be well informed, sends a despatch saying that the Russian war ministry has ordered the military expropriation of all factories, capable of making ammunition. The correspondent says that despite the fact that Russian ammunition factories are working three shifts of men the production still lacks much of covering the gigantic consumption.

PALM BEACH SUITS

How about that new Palm Beach or Mohair Suit for the coming warm days. We have them \$8.50 to \$15.00. See our clothing window this week

Mothers Tell of Mother's Friend

Experience is or should be our best teacher. Women who have obeyed the highest and noblest of all sacrifices, the struggle for the life of others, should have a better idea of helpful influence than those who theorize from observation. At any rate when a prospective grandmother urges her daughter to do as she did—to use "Mother's Friend," there is ample reason to believe it the right kind of advice.

"Mother's Friend" is an external application for expectant mothers. Its purpose is to furnish pliancy to the muscles, to take away the strain on the cords and ligaments, to relieve the tension of nerves and tendons so apt to provoke or aggravate nausea, morning sickness, twitchings of the limbs and so on.

Although, in the nature of things, a woman would use "Mother's Friend" but rarely, yet so effective has it been found that this splendid remedy is on sale in most drug stores throughout the United States. It has been prepared by Bradford Regulator Co., 506 Lamar Bldg., Atlanta, Ga., and advertised by us for over forty years. This is a fine record for such a special remedy and the grateful letters received to-day are just as appreciative as were those of years ago notwithstanding that methods are supposed to have greatly advanced. Ask at the drug store for a bottle of "Mother's Friend." It is worth while.

What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

OLD LADY FEELING FINE

After Taking Four Bottles of Cardui, The Woman's Tonic.

Cobden, Ill.—"Having used Cardui, the woman's tonic, in my family, for a number of years," writes Mrs. Kate Metz, of this town, "and always with such good results, I feel it my duty to write you about it, so that you may publish my letter."

"My mother is living with me, and she is 52 years old. For the last three or four years, she has been troubled a great deal with cramping spells, and for days at a time, she would have a severe headache."

"She read of how much Cardui had helped other women who were sick and ailing, and decided to give it a trial. She began taking it three times a day, and since then has been getting along simply fine."

"Mother only used four bottles of Cardui, but she is no longer troubled with the severe headaches, and her stomach is so much stronger that she can eat most anything."

"We both feel that any lady who is not strong and well, would be greatly benefited by the use of Cardui."

Try Cardui.

SOX HIT ATHLETICS' PITCHERS HARD AND WIN

FELSCH'S BATTING AND FIELDING ARE FEATURES.

Chicago's Center Fielder Scores Two Runs and Drives in Three Runs With a Homer.

Philadelphia, June 18.—Felsch's batting and fielding and four double plays were the features of today's game in which Chicago defeated Philadelphia. In addition to driving in three runners with a homer, Felsch figured in the scoring of three other runs and he broke up a batting rally by the home team in the fifth inning by a wonderful one hand running catch.

PITTFEDS BUNCH HITS WITH ERRORS AND DEFEAT BROOKLYN

Upham is Knocked Out of the Box in the Seventh—Other Federal Scores.

Brooklyn, June 18.—Pittsburgh defeated Brooklyn by bunching hits with errors in the fourth inning which netted seven runs. Upham was knocked out of the box and replaced by Pinneran, who held the visitors scoreless in the last five innings.

Score:
Pittsburgh 011 700 000—9 10 2
Brooklyn 000 021 100—4 12 5
Batteries—Hearne and Berry; Upham, Pinneran and Pratt, Simon.

Chicago 8; Buffalo 0.
Buffalo, June 18.—Mordca Brown shutout Buffalo. Only thirty-one men faced him and Dalton made the only hit. Brown struck out three men, had three assists to his credit and 22 of Chicago's putouts were made by the infield.

Score:
Chicago 001 301 120—8 16 3
Buffalo 000 000 000—0 1 3
Batteries—Brown and Fletcher; Krupp, Ehman, Marshall and Blair.

St. Louis 12; Newark 2.

Newark, June 18.—St. Louis won the entire series by taking the 4th straight game from Newark.

Score:
St. Louis 150 005 100—12 12 0
Newark 000 001 001—2 5 4
Batteries—Davenport and Hartley; Chapman, Moseley, Brandom, Whitehouse and Rariden.

Baltimore 17; Kansas City 10.
Baltimore, June 18.—All five Kansas City pitchers were hit hard and Baltimore won. In the fifth inning the locals scored eight runs before there was a pull-out.

Score:
Kansas City 001 000 111—10 11 2
Baltimore 000 010 020—17 20 2

Batteries—Johnson, Main, Packard, Blackburn, Gings and Brown, Erzenroth; Bailey, Conley, Quinn and Jacklisch.

The Giants lost the last game of the series to Pittsburgh. The Pirates hit Perritt hard in the first three innings. New York threatened to win when they scored five runs off of Marnaux in the last three innings.

SPORTING NOTES.

Charley White, the Chicago lightweight, who has been cleaning up all comers around Boston, is slated for a chance at Freddie Welsh.

A municipal ball park at Evansville, Ind., is being dedicated this week. It is the first of its kind in the professional circuits.

Despite the call of the war for horses and men, Canadian horsemen are making a great showing at Connaught park, Ottawa, where racing began yesterday.

From the wilds of Caelsea comes the deft of Sandy Ferguson, who wants to get a come-back chance with Jim Coffey. Who'll take a chance?

For motorboat speeding the coming regatta at Hannibal, Mo., should be a corker. Some of the fleetest are already entered for the river race.

The Pacific coast tennis championships will begin at the Frisco exposition on Saturday. Some of the notables from that section are entered.

The second qualifying round at Baltusrol in the national open golf championships is under way today, and the finals should be reached tomorrow.

William Webb of Sydney, former world's champion sculler, is matched to row Pat Hannan in a three-mile race for \$1,000 a side in September.

Norman Taber, the former Brown University sprinter, has begun training in England where he is a Rhodes scholar, and will try to lower the mile mark of 4:14.2-5 made by John Paul Jones a few years ago. In the coming races at Frisco.

The South Atlantic league will close its season on July 20 on account of poor attendance. All the clubs are reported to be heavy losers and the squads have been cut down to eleven men.

The Grand Circuit stakes and purses total \$425,000 this year. Cleveland gets the opening meet, beginning July 19.

Lee Leadows, who pitches baseball for the Cardinals, cannot go on the mound without his eye-glasses. His specs are unique in the major leagues.

CARDS TAKE 12 INNING CONTEST FROM BRAVES

ST. LOUIS WINS WHEN RAGAN BREAKS DOWN.

Passes Bescher, Hits Miller and Then Passes Dolan, Filling the Bases—Hyatt's Hit Brings in Winning Run.

St. Louis, June 18.—A pitchers' duel between Ragan and Doak ended in a victory for St. Louis when the visiting pitcher broke down in the twelfth inning.

In the twelfth Ragan passed Bescher, hit Miller and passed Dolan, thereby filling the bases. Hyatt's hit then brought Bescher in with the winning run.

WABASH WILL BE SOLD UNDER THE HAMMER NEXT WEDNESDAY

Report of Receivers Places Liabilities at \$30,579,382 and Cash on Hand at a Little Over \$12,000.

St. Louis, June 17.—The liabilities of the Wabash railroad are \$30,579,382, while its cash on hand is a little over \$12,000, according to a report filed in the federal court here today by Edward E. Prior and Edward F. Kearney, receivers of the Wabash. The total of sums owed the company is \$3,880,426, the report says. The report was filed in accordance with the court's decree ordering the sale of the road.

The Wabash will be sold under the hammer here at noon next Wednesday. Local railroad circles understand that the re-organization committee of which Winslow S. Pierce of New York is chairman, will be the sole bidder.

Among the liabilities the report shows that slightly more than \$1,600,000 is due the company's employees as wages and that suits pending for injuries to persons claim an aggregate of \$2,347,948. To railroads, individuals and companies \$6,436,742 is due for supplies and equipment.

END PUBLIC INQUIRY.

London, June 17.—The public inquiry into the sinking of the steamship Lusitania by a German submarine was ended this afternoon. A short session in camera will be held tomorrow to take further evidence as to whether Captain Turner observed fully the admiralty's warnings but none of this will be made public.

SINK ITALIAN SUBMARINE.

London, June 17.—It is officially announced that the Italian submarine Medusa has been torpedoed and sunk by a Austrian submarine says a dispatch from Rome to the Stunt Agency.

"MORNING GLANCES" (By Gosh)

WANT GAME.
The All Stars have sent a communication to the Journal asking for a chance to play the Eagles a game of ball at some time in the near future. The manager of the all stars says that the team lost its first game two weeks ago to Bluffs by a score of 4 to 3. The team will play the Virden Nationals at Virden tomorrow. The team is made up of the pick of the colored players of the city and they want to show local fans that they have a real baseball team.

St. Louis made it four straight by beating Newark 12 to 2.

The Red Sox again cleaned up St. Louis, the score being 3 to 1.

Eddie Collins did not get a hit but he scored a run and stole two bases.

Faber of the White Sox made two runs in yesterday's game and was not credited with a time at bat.

If the Pekin Rainbows have as good a team as they had last year it will make the Eagles step to get on the long end of the score.

Detroit ran wild on the bases at Washington Friday. They made a triple and two double steals. The final score was five to three.

After battling for eleven innings Ragan, pitcher for the Boston Braves weakened in the twelfth and allowed the winning run to be put over, the final score being 3 to 2.

Good old Mordy (Brown) showed old time form Friday. He shut out Buffalo and allowed them but one hit. Twenty-two of Chicago's putouts were made in the infield.

Kansas City used five pitchers in the game with Baltimore, but Baltimore hit all of them hard and won. The Terrapins made eight runs in the fifth before an out was made.

Brooklyn lost to the Stogies Friday despite the fact that they made 12 hits to 10 for Pittsburgh. The score was 9 to 4. Pittsburgh won by bunching hits with Brooklyn's errors.

Happy Felsch got his name in the head lines by his work in the game at Philadelphia yesterday. Happy came from the American Association heralded as a fence buster of even greater renown than Ping Bodie. The only difference is that Happy seems to be making good on the job so far. In the game yesterday he cleaned up the bases with a homer when every corner was loaded. He also figured in the scoring of three other runs and stopped the Athletics in the fifth with a one handed running catch when they threatened a batting rally. Chicago got a total of twelve hits and eleven runs.

IRREGULAR WEATHER RESTRICTS DISTRIBUTION OF GOODS

Excessive Moisture Retards Harvesting or Crop Growth—Industrial Operations Continue to Expand.

New York, June 18—Bradstreet's tomorrow will say:
"A mixed budget of news is in evidence this week. Weather irregularities over a wide area have restricted current distribution of a seasonal goods, while excessive moisture in the surplus grain producing states has retarded harvesting or crop growth and pending the outcome of international political matters, some interests prefer to work along conservative lines. On the other hand, industrial operations continue to expand. Crop diversification in the south where trade is quiet, has been proved feasible and this fact has induced brighter views as to the future. Demand for money for crop moving purposes is enlarging and rates are firmer. It has been a week of uncertainty in the stock market, unsettled foreign relations and the renewed weakness of foreign exchange."

"War order stocks continue to derive support from the undeniably large business in sight and the stronger, more cheerful tone of the iron and steel trades.
"Bank clearings \$3,188,450,000, increase 1.0 percent over last week."

STUDENTS OFF FOR SERBIA.

New York, June 18.—Twenty-five Columbia University students will sail today for Serbia from Jersey City, as an auxiliary Red Cross expedition. The students are mostly doctors and journalists, who will be put to work fighting the outbreak of typhus. With the expedition will go 25 specially designed automobiles, each to carry 500 pounds. The students will operate them, and will instruct others in relief work so that it will be continued after their return in the fall. Each of the volunteers has been inoculated with typhus serum.

The steamer Thessalonika, on which they sail today, will land the party at Piraeus in Greece. They will journey overland into Serbia with their outfit, and will live in tents which they are taking with them.

MAY REPRIEVE MURDERER.

Sacramento, Calif., June 18.—A further reprieve or commutation of sentence may save Louis Bundy, the Los Angeles murderer who killed a messenger boy in order to buy a present for his sweetheart. Governor Johnson granted a stay of sentence last April until today. Bundy was to have hanged on April 23. Governor Johnson has been investigating the case and many appeals for executive clemency have reached him.

WORLD'S MARKET NEWS

BLACKRUST REPORTS ADD TO BULLISH TEMPER OF WHEAT MARKET

Close is Firm at a Net Advance—Corn is Unsettled—Oats Finish With a Gain.

Chicago, June 18.—Black rust reports from Missouri and Kansas added today to the bullish temper which big storms in the west had given to the wheat market here. As a result, the market closed firm at 1 1/2c to 1 3/4c net advance. In corn, the outcome varied from 1/4c off to 1/2c up, oats finished with a gain of 3/4c to 1 1/4c and provisions ranging from 2 1/2c decline to a rise of 10c.

Notwithstanding that active selling in which foreigners were said to have taken a hand made the wheat market recede from an early advance, the increasing number of crop damage reports coupled with crop must talk led afterward to a decided fresh upturn in values. Before the day was over, the fact seemed evident that a great deal of wheat in Kansas, Nebraska, Missouri and other important parts of the soft winter belt had been laid flat and that the harvest delay in Kansas and Oklahoma was increased to a serious extent. Meanwhile, predictions of another storm from over the Rockies by Saturday night emphasized the danger of rust. Bulls in wheat were encouraged by gossip that efforts to overcome difficulties in regard to foreign exchange were likely soon to help revive export demand. Ocean freight rates appeared to be easing off and advices from Liverpool said the liberal shipments promised by India had turned out disappointingly small.

Cheap Argentine offers at New York finally proved more than offset to fears that the domestic corn crop in the big surplus producing states had been handicapped by too much cold and rain. In the final hour many early buyers unloaded and there was aggressive selling on the part of speculative shorts. Oats ruled a little firmer than corn owing to reports of a good deal of lodging, the consequence of excessive wet windy weather.

vehicles under control, and shall sound their signals in such a way as to give warning of their approach and reduce the speed of such vehicle to a rate not greater than Eight (8) miles an hour, and no such vehicle shall turn a corner into an intersecting street at a speed greater than Six (6) miles an hour.

Sec. 21. No person shall drive upon the streets or highways any unduly dangerous or partially broken animals or use the streets or highways for the purpose of breaking animals, it being the intention of this section to define the words "broken" and "breaking" to the acts of accustoming animals to the saddle and harness for the purpose of subjecting or to use the streets for sale purposes.

Sec. 22. No person shall ride or jump upon the rear of any vehicle without permission, and when so riding, no part of the body of such person shall protrude beyond the limits of the vehicle.

Sec. 23. No person, society, organization or company shall conduct or organize a parade through the streets and public highways without obtaining a permit therefor from the office of Chief of Police.

Sec. 24. No automobile shall be left standing in any street with the machinery in motion unless the operator be left in charge thereof.

Sec. 25. Drivers must at all times comply with any direction, by voice or hand or any member of the police force as to stopping, starting, approaching or departing from any place; the manner of taking on or setting down passengers or loading or unloading goods in any place.

Sec. 26. Traffic upon the streets shall be under the control of the Commissioner of Public Health and Safety; and all operators and drivers of vehicles shall obey the instructions and directions of police officers.

Sec. 27. It shall be the duty of any person driving or in charge of any vehicle driven or propelled upon the streets, alleys or public places of the city, at once to stop such vehicle or turn to the right or left whenever signaled so to do by any police officer of the city.

THE TRIBUTE OF A FRIEND

Recently F. L. Sharpe attended the funeral of Mrs. Parmelian Hall of Barry. The deceased was more than ninety-one years of age and had for a very long period been a resident of that locality. At one time Mr. Sharpe was a boarder in the household, and of the family of ten children, nine were at one time pupils in the school he was teaching. The high opinion of Mrs. Hall formed at that time by Mr. Sharpe continued through the years and after his return from the funeral service he penned the following very eloquent tribute which was printed this week in the Barry Record:

In Memoriam.
Yesterday I stood beside the bier of one that I loved, with that love that the child sustains for its mother. Yesterday I saw committed to earth the mortal body of one of the noblest of noble women. Not that she was of royal birth, or princely heritage; nor that her name had been heralded from ocean to ocean as a great reformer, or the advocate of some peculiar idea of living, but because she of her own living; because of her home life, her relations to her family, and the guiding of her children; her intercourse with her neighbors and friends and her kindly treatment of the stranger with her home, that she exemplified the ever living principles of charity, brotherly love and fidelity. These things and her unassuming, unpretentious christian character it was that made her noble.

We look into the sky on a clear but moonless night and we behold myriads of twinkling stars, sparkling like so many diamonds set in earth's great dome, and we marvel at the wonderful works of nature; but as we cast our eyes about we at least discover one (perchance planet) that shines so much brighter, whose light is so much more brilliant, that we lose sight and thought of the great multitude and fix our admiration upon it alone. So it is with the multitude of humanity. We meet the throng in our daily life—the old and young, male and female—and we pass them by unnoticed, until now and then we meet one, who by some peculiar God given faculty or grace attracts us, and our admiration and love are won.

So it was with this good woman. Her high moral character, her kindly disposition and her loving heart won for her the admiration of all who knew her well. Her life will live on and on long after her flesh shall have returned to dust, and her influence for good will go down through the now living to the unborn of future years. So I would say: Sleep Mother Hall, and wake no more, Until you reach the Golden Shore, And meet your loved ones gone before. To dwell with them for ever more.

And I would send this message of request to the Great Beyond: Take her, King of the Holy Land And seat her close at Thy right hand.

F. L. Sharpe,
Jacksonville, Ill.

RETURN AFTER MANY YEARS.

Mr. and Mrs. W. P. Mains, who recently came to Jacksonville from Silver City, Iowa, are living at 329 East College avenue. Mr. and Mrs. Mains formerly lived in Jacksonville but moved to Iowa forty-seven years ago. Quite naturally they find very few people here now with whom they have acquaintance. Mrs. Mains is a sister of George Shaw of this city.

IN THE MOTOR WORLD.

That American built motor cars are proving the best possible medium of developing trade relations with South American countries is the opinion of E. G. Willems, foreign export representative of Dodge Brothers, who has just returned from a four months' trip through Central and South America.

"The attitude of Latin Americans toward the Yankee car has undergone a decided change of front in the last three years," says Mr. Willems. The prejudices which retarded the sale of American cars in South American countries for so many years have almost entirely disappeared and American machines of all grades are rapidly gaining possession of the field.

"French motor cars, with their graceful body lines and advanced motor design, had a firm grip on the South American markets practically from the start, but when the American makers began to improve the appearance of their machines the marked difference in price of the respective cars soon had its effect. Through Central and South America the residents and motorists who examined the new Dodge Brothers' car in which I was riding referred to it as the 'French car with an American price,' and I was made to understand that this was a decided compliment.

"Added to the big improvement in appearance of the American car, its reputation as a hill climber and its general mechanical efficiency have made it a great favorite, and if the United States is successful in establishing more extended trade relations with South America, the American automobile will have been the greatest single factor in turning the trade balance in our favor.

"War talk in South America is far less general than in this country, although in many sections the outcome of the war will have a direct bearing on business connections."

Owing to the remarkable increase in business experienced by the F. B. Stearns Company, Cleveland, Ohio, makers of Stearns-Knight cars, the company was compelled to jump ahead of its plans and broke ground this week for immediate erection of a five-story concrete factory building. The new building is being erected on the six-acre site owned and now partly occupied by the Stearns company's plant. It will have a frontage of 175 feet on Euclid avenue, extending back 75 feet toward the Nickel Plate railroad, which marks the northern line of the company's property. The new building will form a part of the group of buildings which compose the plant.

"During the three weeks following the announcement of the new 1916 Haynes Light Six cars at the new prices, 2,642 orders for immediate delivery have been placed at the factory," states Elwood Haynes, pioneer auto builder of Kokomo, Indiana.

Over 900 of the 1916 chassis have been crowded out of the assembly department on account of the increased production and are parked in a large tent on a five-acre tract adjoining the factory. Every department has been running overtime for the past eight months. New departments have been added to take care of the increasing demand for cars. Steering gears, mufflers, clutches and steering fenders are now being made in the Haynes factory.

"Every available inch of factory space is crowded to the limit. Much machinery is in operation in the open under temporary roofs. A new loading platform has been erected to facilitate shipments. Adjoining ground has been purchased and additions are under way. A new administration building is being erected."

The advent of the "Jitney bus" has relieved the strain on the straps in street cars and at the same time made it necessary for some of the tire manufacturers to increase their output to the limit.

Never in the history of the automobile tire industry has there been greater activity in the factories than is noticeable today.

The producers of Diamond tires say the orders are arriving in such abundance that Mister Equegee is finding it difficult to get off on Saturday afternoons.

Owens of Jitneys seem to have a particular fondness for Diamonds. Observations in various centers where the Jitneys are active have made it apparent that a large percentage of them are equipped with Diamond Tires.

When Otto Walker, Oakland, Cal., on a Harley-Davidson motorcycle, flashed under the judges' stand in the finish of the 300-mile Easter classic at Venice, Cal., he gave the officials of Venice cause to be congratulated for having constructed as a municipal project a speedway which afforded opportunity for shattering all previous motorcycle records.

Walker's time for the 300 miles was 4:24:17.1-5, making an average of 68½ miles an hour, faster time than was made by Barney Oldfield in the automobile races held over the same course on St. Patrick's day. Fifteen seconds after Walker shot across the tape the winner, he was followed by Leslie ("Red") Parkhurst, Milwaukee, also on a Harley-Davidson.

At Venice, Walker and his Harley-Davidson hung up a record that will stand for a long time. Both he and Parkhurst made better time than was set at Savannah in the 303-mile classic held there Thanksgiving day by Lee Taylor, who finished in 5:02:32. Between them, Walker and Parkhurst carried away \$1,400 in prize money, Walker being awarded an extra \$100 for breaking the record.

R. H. Crocker, advertising manager of the Regal Motor Car company, says in a recent talk before an advertising club of Detroit that a great deal of the activity in auto-

mobile circles is due to the exceptionally good work done by local dealers in supporting and supplementing the national advertising of the manufacturers. "More than in any other line of business," said Mr. Crocker, "is this co-operative spirit manifest."

"Manufacturers in other lines of trade have spent years of effort and wads of money in a struggle to educate their dealers to the value of local newspaper advertising, backing up the campaigns in the magazines, with but meager results. In comparison, the local automobile men in the various cities have developed wonderfully fast."

They enter heartily into the plans of the manufacturers, many of them spending freely of their own money in their willingness and desire to co-operate. And they do it in a way that many other dealers might profitably emulate—that is, with a highly commendatory consistency. More than half the money that is wasted each year in advertising is wasted because of the flash-in-the-pan, once in a while sort of way in which it is spent.

"Regular publicity is the only kind that really pays, and automobile dealers have learned this lesson well."

\$3,500,000 for Fertilizers.

Do commercial fertilizers increase the yield of wheat enough to pay their cost, is a question which progressive farmers are beginning to consider at this time of year. The farmers of this state spend every year about three and a half million dollars for fertilizers, so it is evident that this question is well worth some study. The authorities of the College of Agriculture of Ohio State university have been giving careful consideration to this question recently. They concluded that much of the money spent for commercial fertilizers is as good as wasted. In many cases they hold the wheat field is little better than it would be without fertilizer. However, they believe that commercial fertilizer if rightly bought and correctly applied will greatly increase the yield of most sections of the state. In order to get the worth of his money the farmer needs to choose the right fertilizer for his own soil. Fertilizing a crop is simply adding one or two substances which the soil does not contain in sufficient quantity. A careful study of the field to be sown will usually show what substances should be added in fertilizer in order to help farmers decide what fertilizers are needed on their farms. The College of Agriculture has arranged to send specialists throughout the state during August and September.

Any Ohio reader can secure a visit to his neighborhood by one of these men without cost—Ohio Agricultural College.

PRESIDENT WILSON SENDS GIFT TO MISS CLARK

President Wilson's wedding gift to Miss Genevieve Clark, who is to be married June 30 at Bowling Green, Mo., to James McIlhenny Thomson of New Orleans, is a pair of beautiful silver composites. The present has gone forward, and probably now is in possession of the bride to be.

The composites are hand-wrought in silver, lined with gold, and stand about 10 inches high. The handles are American eagles, holding wreaths of laurel. Two emeralds hold up medallions on the sides, which are engraved with the initials "G. C. C."

Among other interesting gifts are a set of cut glass "made in the United States of America" from Mrs. Samuel B. Snead, vice president of the General Federation of Women's Clubs; a chest of flat silver from Louisiana, Pike county; two silver dishes from Mr. and Mrs. William Randolph Hearst; silver bread tray from Representative J. Thompson Baker of New Jersey, and family, and a silver card tray from Mr. and Mrs. David Jayne Hill.

Miss Helen Morlon Robnett, daughter of Mr. and Mrs. David Robertson of Columbia, Mo., whose engagement was announced recently to Bennett Clark, only son of the speaker and Mrs. Clark, will be a member of Miss Clark's wedding party.

L. R. Watson from southeast of the city was among the visitors here yesterday.

Money Goes It's Money that Sets the Pace

The race in the business world is controlled by the man who pays cash—who don't have to ask favors—who looks around him for bargains and thus saves 20 per cent or more on his living and business expenses.

You don't have to be a big business man to pay cash. We have saved that 20 per cent for hundreds and will save it for you. Come to us and get the money to start on a cash basis.

I Treat Chronic Disease

WITH MY NEW NEUROPATHIC SYSTEM OF TREATMENT, I WILL BE AT THE HOTEL DUNLAP FROM 9 A. M. TUESDAY, JUNE 22, UNTIL 3:30 P. M. WEDNESDAY, JUNE 23.

IF YOU SUFFER, COME AND CONSULT ME FREE.

Dr. Edwin O. Gable.

My neuropathic system of treatment means treatment through the nerves and circulation and relieving congestion. All diseased conditions are prolonged by disturbance of the circulation, congestion, pressure on, and weakening of the nerves; pressure on the glands or thickening of the tissues. The Neuropathic system of treatment cures chronic conditions by giving renewed activity to the vital forces in the nerves, renewing circulation, relieving congestion and in this manner causes absorption of the disease deposits, removing swellings and thickening of the tissues and restoring normal conditions. No organ can remain

diseased when the blood is circulating normally through it. This is the principal on which this treatment is founded. No disease should be incurable as long as the tissues are not too badly destroyed. Disease and weakness in any portion of the body should be curable up to that stage.

I have had the greatest success in curing many cases of all manner of weakness and nervous troubles of the heart, pain around the heart, shortness of breath, palpitation, irregular pulse and fainting spells.

Read what Mr. Watkins has to say:

April 21, 1915.

To Whom it May Concern:—

I had been a sufferer with asthma and heart trouble since childhood and for the last four years had suffered agonies with it almost continuously. I could not sleep nor work and on the slightest exertion would have to gasp for breath, had smothering spells and dizzy spells and at times felt that the end had come. I had tried many doctors and treatments without any benefit, but three months ago I decided to consult Dr. E. O. Gable and started treatment with him, and since then have improved steadily and am now feeling fine, have no more of the old awful symptoms and know that I am cured. I can honestly and cheerfully recommend any one suffering as I did to him for honest treatment, for he has done wonders for me.

J. H. WATKINS,

R. 6, Mattson, Illinois.

This is but one of the many cases that show the great cures I am making with this new system of treatment.

I have had wonderful success in curing all curable forms of kidney troubles, congestion of the kidneys, Backache, Clogging up of the Kidneys, Irritation of the Bladder, Catarrh of the Bladder, Pain in the Bladder, and all weaknesses connected with these organs. I have had great success in curing Rheumatism, both acute and chronic, cleansing the rheumatic poison from the blood, creating new, healthy conditions, so that they are completely relieved. It is very successful in blood diseases, skin troubles such as Eczema, Pimples, etc. It gives immediate relief to Stomach Troubles, Dyspepsia, Fermentation, Constipation and Liver Troubles, Nervous Disease and most forms of Chronic Disease and Weakness of the Eyes, Catarrh and Deafness, Head Noises and Sick Headache.

I have had the greatest success in curing many old chronic cases where other treatments had failed. No matter how long you have suffered or what your disease is, I ask you to come to me. I will examine you and tell you frankly whether or not you can be cured by this new system of treatment. Many people have come to me in your city. They had about given up hope, and have been restored to health by me. I can give as many private references as you wish of the great results that I am getting with this system of treatment. Remember, I accept no case by mail. I must make a complete examination of the case first. I do this for you free of charge on this trip.

SWAMP LAND RECLAMATION WILL BRING IN MILLIONS

Thirty Thousand Acres in Illinois
Now Practically Worthless Will be
Drained by District Work.

An article in the Journal last Sunday gave some facts about the development of drainage districts along the Illinois river. The following article appeared in the St. Louis Globe Democrat as correspondence from Bloomington and gives further facts about drainage development work in the state.

Illinois' agricultural resources will be increased by \$6,000,000 as a result of a series of swamp land reclamation projects which have just been launched in Central sections of the state. No less than 30,000 acres now practically worthless, will be drained. When the various undertakings are completed every acre will be worth \$200.

The drainage schemes which are under way will cost an immense sum, but the profits will be heavy, and there has been no lack of capital to carry on the work. The results are reasonably certain to be satisfactory, as very few of the drainage undertakings have proven failures. A few years ago a 10,000-acre swamp existed in the southern portion of Lee county.

Following the recent completion of a system of ditches, every acre is estimated to be worth \$200. It is predicted that this tract will produce crops this fall which will rival those of any land in the state. The owners of Inlet swamp are now paying assessments of \$386,000, the total cost of the drainage, but this land is worth \$2,000,000, giving the men who financed the project a profit of not less than \$1,500,000. This is satisfying returns for the application of science in ditching, tiling and draining the water from the great swamp.

\$500,000 in Bonds Sold

With the selling in the open market in Chicago last week of \$500,000 bonds of the South Beardstown Drainage and Levee District, the money is assured for the reclamation of 8000 acres now worthless. A large portion has been useful only as a fishing center. The adjoining land has been in imminent danger of overflow and the value has been small, due to this constant menace during the flood season. The contract for constructing the proposed levee and system of ditches has been let to a firm of Racine, Wis., and work will start early in June.

The main levee will be the longest and largest on the Illinois river. It will be twelve miles in length, with a base of 125 feet and width of 8 feet at a height of 4 feet above the high-water mark. For the past year the work of clearing the right of way for the levee and ditches has been in progress, and everything is now in readiness for the construction.

The estimated cost is \$387,000, which will include the construction of the levee and dredging of the various ditches, laying of fourteen miles of drain tile and the construction and equipment of a pumping plant. This plant will be located at Ferry Lake, and will be operated by electricity. It will be necessary to move 1,810,000 square yards of soil in digging the ditches and building the levee. Forty property owners will pay the cost of the improvement.

Another gigantic drainage project is known as the Hartwell Drainage and Levee District and is located on the Illinois river at the western edge of Greene county. This project is now nearing completion after several years' work. The district has been surrounded by a levee thirteen miles in length, five miles being along the Illinois river, while the remainder lies along Hurricane Creek on the north and Apple Creek on the south.

The levee is constructed to a grade of 28 feet above low water, while the interior drainage is procured by a system of drainage, ranging from 28 to 65 feet in width. The main ditch has a capacity when flowing full of 282,000 gallons per minute. The watershed to be drained comprises 12,000 acres.

Cost to Date \$250,000.

The entire cost of all improvements to date has been \$250,000. The pumping plant is one of the finest of the kind in service in Illinois and cost \$35,000. The three pumps have a joint capacity of 130,000,000 gallons each twenty-four hours. The principal landowners of this district are G. A. McWilliams, Chicago; J. O. Cole, Peru, Ind.; and C. J. Lumpkin, Carlisle, Ill.

The reclamation of 4500 acres of bottom land in Fulton and Tazewell counties known as the Banner Special District, is nearing completion. The district extends from Kingston mines to the mouth of Copperas Creek. A long levee, 86 feet high at the base and 20 feet in height, has been constructed to prevent the inflow of the river water. Three dredge boats have been engaged for the past year in completion of this job.

The Con Creek Drainage District of McHenry and adjoining counties has been approved by the court and consists of 6000 acres. There are seventy-five landowners affected. To properly drain the district it will be necessary to straighten, deepen and widen Con Creek for a distance of four miles. The stream will be 40 feet in width and 8 feet in depth when completed. There will also be extensive ditches to serve as laterals and many miles of tile in order to properly drain every farm in the district. The job will cost about \$400,000 and will reclaim some of the most fertile land in the state. It has required four years' agitation to launch this project.

There are similar reclamation projects at other points in Illinois.

Spring Lake, in Tazewell county, famous for years as a resort for hunters and fishermen, has been transformed into a vast cornfield. Each year sees a reduction in the available centers for sportsmen, but the pleasure of the farmer is trivial in comparison to the increased acreage for corn and other crops. The increase in agricultural wealth in Illinois this year by reclamation projects promises to be greater than in any year previously.

REMEMBRANCES ON BIRTHDAY WERE HIGHLY APPRECIATED

Mrs. M. E. Metcalf a former resident of Jacksonville but who is now residing in Minneapolis, Minn., recently celebrated her 93rd birthday, of which mention was made in the Journal. She was kindly remembered by a large number of friends here and she has written thanking them all. She says:

"It is impossible for me to fully express my pleasure and joy, in receiving so many greetings from my Jacksonville friends, on my 93rd birthday. It is indeed pleasant to be remembered when far from home. I shall never see ninety-three more birthdays, although one of my dear nieces in her beautiful little poem, wished I might. I especially thank her for that wish."

"In spite of dim eyes and being somewhat deaf, I am enjoying life and best of all comparatively good health."

"Very sincerely,
Mrs. M. E. Metcalf."

Greatest assortment of Men's NEGLIGEE SILK SHIRTS ever shown here are offered by FRANK BYRNS Hat Store.

VALUABLE HORSES KILLED WHEN LIGHTNING STRIKES BARN

During the storm of Friday morning the barn on the farm of W. B. Groves three miles northwest of Jacksonville was struck by lightning killing outright two horses and stunning two others. The lightning struck in the cupola and ran down a rafter. Mr. Groves is at a loss to know how the bolt succeeded in getting from the loft to the stables where the horses were, as the barn loft was completely filled with alfalfa. At the time the building was struck Alvin Ray, the hired man was in the building, at the north end and he was partially stunned by the bolt. When he came to himself he summoned Mr. Groves who had left the building a few minutes before. One of the horses killed was from Bermuda Bay and Mr. Groves valued it at \$250. Another freak of the lightning was that the barn was not set on fire.

TO WED SOON.

Announcement has been made of the approaching marriage of Fred Albert Miller of Gibson City and Miss Anna Barbara Pressler, daughter of Henry Pressler of New Berlin, th edwedding to take place Wednesday evening, June 24th, at St. Joan's Lutheran church in New Berlin. The bride-to-be has been a teacher in the primary department of the New Berlin school for the last few years. The groom is in the lumber business in Gibson City, where they will make their home.

Today Is the First Saturday of Our BIG UNLOADING SALE

Be on hand—Get your share of the good things. There's bargains enough for every man, woman and child in Morgan County to have some. We were awfully busy yesterday and open at 9 today to have time to straighten out and get things ready for you. Come early as you can and we will give you better attention.

Safest Place to Trade

LOAD YOUR CAMERA WITH ANSCO FILM

Tests prove that in view work, where there are clouds and foliage, or work embracing great distance, the finer details are retained and a harmony of light and shade is secured. In portrait work the draperies and dresses are reproduced in their true color values. Auburn hair will be reproduced in a different tone from black, and blue eyes will not be represented as almost white. If it is a photograph of flowers, ANSCO FILM will reproduce the natural colors in different tones instead of in one monotonous tone. This is what gives ANSCO photographs such an exceptionally natural appearance.

FUNERALS

Vasconcellos.

Funeral services for Mrs. J. Earl Vasconcellos were held from Northminster church Friday afternoon at 2:30 o'clock. The church was completely filled with friends and relatives who gathered to pay a last tribute of respect to the deceased. Rev. Walter E. Spoons, pastor of the church was in charge. Music was furnished by Misses Rinda Vieira and Esther Spoons.

There were many beautiful floral offerings and these were cared for by Misses Edna Hall, Minnie Wild, and Estella and Edna Vasconcellos. Interment was in Jacksonville cemetery. The bearers were: Lawrence Goveia, Fred Hall, Lloyd Vasconcellos, Clyde Vasconcellos, Howard Smith and Westey Sperry, Cully.

Funeral services of J. M. Cully were held from the family residence on Sandusky street Friday afternoon at 3 o'clock with Rev. Myron L. Pontius in charge. A large number of friends were present at service. The members of Matt Starr Post G. A. R. attended the funeral in a body. Hymns were sung by Mrs. J. Edgar Martin and C. A. Rowe.

The flowers were in charge of Miss Jessie Holmes and Miss Emma Reynolds. Burial was in Diamond Grove cemetery and the bearers were: A. D. Arnold, Clark Stevenson and Howard, Homer, Edgar and Charles Cully.

Remember that the big dump 'em out sale is now in progress at the Illinois Stock Exchange.

J. A. BROWN PASSES FINE EXAMINATION

J. A. Brown of the Post office force passed a very successful mailing clerk case examination Friday at the local post office under John B. Seibert, superintendent of mails at the office. Mr. Brown threw 900 cards in 30 minutes and only made 7 errors, making a grade of over 99. The towns designated were in the southern part of the state and aggregated over 900 miles of railroad. During the time he had to make 90 separations. Mr. Brown has only been on the mailing case for one year and his record is a good one.

WONDERFUL BARGAINS IN MILLINERY DEPARTMENT AT HERMAN'S PUBLIC SALE.

ON LONG TRIP. Yesterday about one p. m. a touring party in two International automobiles arrived from Indianapolis, where they started the morning before for the Pacific coast. There were several ladies and gentlemen in the party and they were supplied with complete camping outfit and said they pulled up and prepared for the night wherever darkness overtook them. They were on their way to the expedition and found a lot of mud on the way yesterday morning.

ATTENDED FUNERAL. Mr. and Mrs. Arnold, Frank Green, Mr. and Mrs. Jake Strawn, Howard Cully, Mr. and Mrs. Edward Cully, Mr. and Mrs. Homer Cully, and Mr. and Mrs. Charles Cully were among those who attended the funeral yesterday of J. M. Cully.

MISS LONG'S PUPILS GAVE RECITAL PROGRAM

A recital was given by pupils of Miss Hazel Belle Long Friday afternoon at 4 o'clock at the home of Miss Helen Skiles in Virginia and was very largely attended by the friends of the young people who took part in the excellent program. Following the formal program came a social hour, when light refreshments were served, and Miss Clara Catherine Moore of Jacksonville rendered several violin numbers which added very materially to the pleasure of the occasion. Mr. LeRoy Salzenstein served very ably as Miss Moore's accompanist. The following was the program by pupils:

CANNON BROS.

ENJOYED SOCIAL AFTERNOON.
The ladies of the North End Social club held a social on the lawn of Mrs. Letitia Mounts' home Wednesday afternoon. The ladies went with well filled baskets and the time was pleasantly spent. Rain which came up marred the pleasure to some extent but the company retired to the porch of the residence for the remainder of the afternoon. A pleasing feature of the afternoon was a contest on writing the greatest number of words beginning with the letter C. Mrs. McCree won first and Mrs. Blue second prize.

"SATURDAY NIGHT SPECIAL"

George Smith has returned from an extended business trip in the west and southwest in the interest of J. Capps & Sons. Mr. Smith left Jacksonville in April. He will remain at home for several weeks.

The comfortable man is clad in seasonable suits from Knoles.

Harry Pieper of Springfield was among the business visitors in the city Friday.

RECITAL AT MURRAYVILLE

Willard Wesner (Piano), and Byron Carpenter (Violin) Delight Audience by Their Playing.

There was a large audience present last night in the M. E. church in Murrayville to hear the piano recital by Willard Wesner, a pupil of Mrs. E. C. Carpenter of this city, assisted by Mrs. Carpenter's son, Byron Carpenter. For an amateur concert the boys were far above the average and their playing found high favor with the people of that community. Much credit is also due their teacher.

The following is the program: Polonaise (Opus No. 41) . . . Chopin
Venetian Love SongNevin
Violin, "Adagio," F.Schubert
Sonata (Opus No. 13)Beethoven
(a) Allegro; (b) Adagio; (c) Rondo
Violin, "Meditation"Massenet
Byron Carpenter.
Octave, EtudeKullak
MonologueLiza Lehman
Meditations Opus 17Alfred Jaell
Willard Wesner.

STRAWBERRIES. Raspberries, Blackberries and Gooseberries at Cannon Bros. today.

HIGH PRICED SPECTACLES.
A very smooth confidence man was busy in Jacksonville Thursday. He was a vendor of spectacles who claimed to be especially expert in his line. His game was to try and make the prospective customer believe that the eyesight was failing and that unless especially ground glasses were used at once that a general break down of health was sure to come very soon. One woman was urged to buy a pair at a cost of \$60 and another actually purchased three pairs at a cost of \$150 a pair. A check for \$300 was given in payment and the haul was so good that the eyesight man evidently left the city by the next train as the police have been unable to locate him.

DRINK CLAU'S FAMOUS COFFEES. Our prices 15, 20, 25, 30, 35 and 40c 7.

LONG TIME FRIENDS.
A sincere mourner at the funeral of James M. Cully yesterday was his long time friend and tenant, James Cunningham. Mr. Cunningham has lived on Mr. Cully's farm for sixteen years and he said to a Journal reporter that he and Mr. Cully had never had the scratch of a pen between them relating to any business transaction but each had fully trusted the other and there had never been the slightest disagreement or criticism. When Mr. Cunningham first went on the place the rental, cash, was agreed on and from that time forward no other bargain had ever been made and there had never been any disagreements.

IMPROVING THE POINT CHURCH.
The services in the Point church have been discontinued for a short time to permit of improvements being made. A steel ceiling has been put in and the woodwork is being newly varnished and other needed repairs have been added, so that the interior will be much improved in appearance, and in convenience for the attendants.

It is the intention to have the opening services at the renovated church take place on Sunday, June 27. Announcement will be made when it is known that the building is ready for occupancy of the date, and also the program for the exercises of the day.

THE GREATEST VALUES IN DEPENDABLE MERCHANDISE AT HERMAN'S PUBLIC SALE. DON'T MISS IT.

NOTE OF APPRECIATION.
To our friends who ministered unto and gave us their sympathy and support during the long illness and passing away of our darling son, Edgar, we desire to thank you and express to you our deep appreciation. Words fail us in our attempt to convey to you our deep gratitude.

But in the language of our Master "In as much as you did it unto one of these my children you did it unto me".

May God bless you all is our constant prayer.
Sincerely yours,
Dr. and Mrs. Walt and Robert.

Attend the great cut price dump sale at the Illinois Stock Exchange.

ATTENDED EPWORTH LEAGUE.
The delegates to the Epworth League meeting in Beardstown on Tuesday and Wednesday of this week from the Point church were Rev. W. A. Boyd, Clyde Black, Mrs. Ella Martin and Miss Grace Patterson.

DRINK CLAU'S FAMOUS COFFEES. Our prices 15, 20, 25, 30, 35 and 40c 7b.

W. H. Clayton of Springfield was transacting business in the city Friday.

EPWORTH LEAGUE OFFICERS ELECTED AT BEARDSTOWN

Program One of the Best in History of Organization—Waverly Chosen as Meeting Place for Next Year.

The 22nd annual convention of the Jacksonville District Epworth league was held in Beardstown and proved one of the most profitable gatherings in the history of the organization. The delegates were met and conveyed to the church in automobiles where lunch was served. The Astoria concert orchestra furnished delightful music. Some of the special interests of the meeting were the following: Address, "Around the world with a Missionary Camera."—S. Earl Taylor, Chicago.

Debate: "Resolved, that the co-operation of the pastor is essential to successful league work." The affirmative was upheld by Rev. O. H. Myer of Chandlerville and Rev. Oscar Stewart of Scottville. The negative by Rev. Verne Mitchell of Jacksonville and Rev. Ray Bracewell also of this city. The debate was so well presented that the judges left it over for a day to decide. Address, "Young People's Supreme Opportunity"—Lynn Harold Huch, D. D., New York. There were also reports of the various departments of league work.

Rev. C. S. Boyd of Carrollton acted as toastmaster at the banquet and a fine list of toasts were given. Before returning to their homes the delegates were taken out sight seeing in automobiles.

These in attendance from Jacksonville were Rev. F. A. McCarty, Rev. H. F. Cusic, Rev. Verne Mitchell, Rev. Ray Bracewell, Rev. W. A. Boyd, Clyde Black, Frank Bourn, Ora Theobald, Grace Theobald, Estelle Schofield, Marie Goheen, Grace Martin, Ellen McCurley, Nelle Self, Clara Ranson, Bess Mathers, Flossie Kellogg, Mildred Cusic, Helen Paschall, Marie Miller and Dorothy Cannon.

The following are the officers elected for the ensuing year, Waverly being chosen as the meeting place for 1916:
President—Walter Buck, Beardstown.
First vice President—Maude Criswell, Franklin.
Second vice President—Leroy Nofang, Modesto.
Third vice President—A. B. Calhoun, Waverly.
Secretary—Lloyd Black, Jacksonville.
Treasurer—Arthur Walter, Carrollton.
Junior Supt.—Clara Ranson, Jacksonville.

WATERMELONS at Cannon Bros.

HEAVY LOSS BY LIGHTNING.
Yesterday about four o'clock in the morning the man working for William Groves on the McSherry farm near Jas. Lane, went out to the barn to feed and begin the chores when the heavy storm came on and lightning struck the barn killing two valuable horses and laying two others out stiff and seemingly dead. The man was fearfully stunned also but came to in about half an hour and seemed to suffer no serious injury and it was hoped also to save the other two horses.

One of the horses killed was very valuable and was especially prized by his owner who regarded him worth \$800. Strange to say the barn wasn't set on fire though it was somewhat damaged.

NOTICE.
OUR STORE WILL BE CLOSED ALL DAY MONDAY, JULY 5.
J. HERMAN.
